State of New Hampshire

To the inhabitants of the Town of Alton, in the County of Belknap in said State, qualified to vote in town affairs:

You are hereby notified to meet at the town house in said Alton on Tuesday, the twelfth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

1. To see what sum of money the Town will vote to raise to pay all necessary charges of the town for the year ensuing.

2. To see what sum of money the Town will vote to raise for the repair of Highways and Bridges for the year ensuing, in addition to that required to be raised by law.

3. To see if the Town will vote to raise $636.00, the amount of money necessary to secure Trunk Line aid for the permanent improvement of the highway, agreeable to Chapter 93, Section 6, Laws of 1915.

4. To see what sum of money the Town will vote to raise for the Construction of Sidewalks.

5. To see what sum of money the Town will vote to raise for the Decoration of Soldiers' Graves.

6. To see what sum of money the Town will vote to raise for the maintenance of the Public Library in addition to that required to be raised by law.

7. To see what sum of money the Town will vote to raise for the services of Librarian for the year ensuing.

8. To see what sum of money the Town will vote to raise or appropriate for the purpose of holding a Fruit and Vegetable and Poultry Show, also to elect a committee to arrange and lay out the same.

9. To see if the Town will vote to raise the sum of $150.00 for the extermination of the White Pine Blister Rust.

10. To choose a Delegate to the Constitutional Convention and all necessary town officers for the year ensuing.

Given under our hands and seal this nineteenth day of February, 1918.

HERBERT E. HAYES,
FRANK M. AYER,
JOHN W. PROCTOR,
Selectmen of Alton.

A true copy of warrant—Attest:

HERBERT E. HAYES,
FRANK M. AYER,
JOHN W. PROCTOR,
Selectmen of Alton.

Annual Report of the Superintendent of Schools

To the School Board and Citizens of Alton:

This is my fifth annual report of the work of the Alton schools. The educational demands, methods and needs are the same as last year which I treated in full in the last report. Therefore I am making this report short. The new law requires the fiscal and school year to end August 31. It will be important that some supplemental report reach parents and citizens at that time.

The average membership for the year 1916-1917 was 203, average attendance 183, and the number of pupils regisered 227. Ten were neither absent nor tardy during the year. The enrollment this year is 226. The per cent. of attendance was 90.

Weather conditions and sickness have broken up the schools to an unusual degree so far this year. Considering these conditions together with the war interests all of the schools are going well. It takes some time for new teachers to get acquainted and we have several new ones this year. The congested conditions in the intermediate and primary rooms at the village make it impossible for any teacher to do her best work to say nothing about the serious nervous strain in trying to teach three grades with 50 or more pupils in the room. It is imperative that another room and another teacher be provided.

We are constantly reminded that we are living in war times but it seems exceedingly important that the public schools hold strongly to the regular program. It is further important that the children with patriotic spirit help all they can to win the war. Help your children to buy all of the thrift stamps that they can. Candy, ice-cream, sodas, and moving pictures can be dispensed with at present with gain to health and thrift. We must teach the children how to save and how to spend their money in a better way than we have yet done.

The Alton pupils have been doing well thus far to help win the war. I ought to say that three of the High School classes have given $10 each to the Red Cross. The other class has given a service flag to the school. The girls helped during vacations at the rooms of the Red Cross. They have been knitting sweaters and mufflers. Very many of the lower grades have been knitting squares for soldiers' blankets. Others have made face-cloths, patchwork quilts, etc. The intermediate children gave their Christmas money for the children of the Allies. Many have assisted in distributing printed matter on conservation and have practiced the directions. All the schools are now enlisted in buying as many Thrift Stamps as they possibly can. For the Center school Miss Agnes Thompson has kindly consented to act as agent for the stamps.

The school children in Alton did remarkably well in their garden and field projects last year. The direction of this work was well done by Mr. Bodine who did not spare himself or expense in getting the best results possible. It was a hard year for crops. It will be even more important that the children have gardens and projects this year for the winning of the war. Every boy and girl ought to have

at least a garden. It will be a part of the interest of parents to see that these gardens are planted and well taken care of during the summer. Beans, potatoes, corn and vegetables will be the staple crops.

I am asking Mr. Bodine to make a report of the summer work which I am sure will be of special interest to all the citizens of Alton. He will also report on the Agricultural Fair held in the fall and the prizes given.

The superintendent is ready at all times to answer questions relative to the schools and to take any criticisms that are constructive and properly come his way. Teachers, parents, citizens, children and school officials must work together in hearty cooperation to get the best results.

Let me state again my appreciation of the thorough assistance of the citizens of Alton in the work of the public schools. I am also strongly indebted for the kindly cooperation of school board, teachers and children in the task which has been given me to do.

Respectfully submitted,

F. U. LANDMAN, *Superintendent.*

Alton, N. H., Feb. 15, 1918.

To F. U. Landman, Superintendent:

Dear Sir:—I herewith present for your approval my report of the Agricultural Department of the Alton High School. More work has been done this year than before and summer work organized for the first time under the supervision of the teacher of Agriculture.

The Agricultural Department is trying to help the boy who lives on the farm to understand why certain farm methods and practices are considered better than others and to see by practical methods such operations as pruning, farm bookkeeping, etc., which are not carried out on as many farms as should be the case. We take it for granted that a boy's father can best show him the common farm operations, leaving us to supplement his knowledge. The village boy who may never own a farm, presents a much more difficult problem. But we can at least show him that Agriculture is an honorable calling and worthy of his best efforts.

For the past two years Alton High School has been represented at the Eastern States Exposition at Springfield, Mass. This year one of the boys won $5 and a suitable medal as a member of the N. H. Stock Judging Team, which won second place in competition with teams from other eastern states.

Last spring a call was sent out to the school to help in the campaign for increased food production. This school was one of the first to respond, and fifty pupils pledged themselves for gardens or field projects of commendable size. This does not include many small gardens carried on by children with supervision of parents and from which a considerable amount of food products resulted.

The amount of land used by the fifty pupils was sixteen acres. The agricultural teacher planned to visit each

garden once in two weeks to lend encouragement and other aid to the owners. In spite of adverse weather conditions, poor fertilizer and some poor seed we achieved a fair degree of success. An approximate total of the produce raised is as follows: 240 dozen ears of sweet corn, 71 bushels of tomatoes, 49 bushels of beans, 31½ bushels of onions, 76 bushels of beets, 16 bushels of turnips, 86 bushels of carrots, 616 bushels of potatoes, 151½ bushels of field corn, 1½ tons of squashes, 5 bushels of green beans, 3 bushels of green peas 247 heads of cabbages, miscellaneous products worth $120.

Taking the average value last fall of the various products of gardens and other plots represented, there was a value of over $2,800. This result depended in quite a large degree upon the efforts of the school authorities to keep a teacher here during the summer to supervise the work.

In the fall the school held a fruit and vegetable show at which the pupils' vegetables were exhibited. Some of the townspeople very kindly helped out on the exhibit which added to the success of the show. The fair lasted two days and suitable speakers were furnished for each evening. It was generally agreed that a very creditable showing was made for the first attempt.

The surplus remaining from the fruit and vegetable show appropriation was turned over to the school for prizes and Thrift Stamps will soon be allotted to the winners in the several classes.

With favorable weather conditions next summer, we shall be able to make a better showing than last summer.

Respectfully submitted,

W. G. BODINE,

Teacher of Agriculture.
